

# Touch Typing support classes

## Benefits of touch typing

- ☒ Writing is easier to read
- ☒ Typing can be faster than handwriting which can help you get your ideas down on paper.
- ☒ It's easier to construct correct sentences when the speed of writing is closer to the speed of thinking.
- ☒ Spelling patterns can be easier to learn with less chance of confusion of shape of letters.

**Schools to provide computers and touch typing software.**

**WFDA recommends Typequick software  
Pupils aged between 7 - 12 will have targets to reach for each level of the programme.**

**£60 per 45 minute session  
for up to 10 pupils.**

**Flexibility on session time  
eg. Breakfast club, during  
school hours, after school.**

**To book please contact  
Karen Sparkes**

Email: [WFDACo-ordinator@outlook.com](mailto:WFDACo-ordinator@outlook.com)  
on Monday to Wednesday, 10am to 3pm, during term time only.

**Waltham Forest  
Dyslexia Association**  
Opening doors for dyslexics since 1989
